Dear Mr. Meyers,

Thank you for producing a Maine focused handout, *Election Rules Review - Focus USA and Maine* for the Maine State GOP Convention. It was a powerful presentation that grabbed and kept attendees attention. The recently added section showing the impact of passing the SAVE America and MEGA Acts made a compelling argument for election integrity and the passage of those bills.

We presented your handout to hundreds of people during the convention. The impact and popularity of your information helped ensure the success of our efforts to place an Election Integrity plank in the Maine GOP platform. The new election integrity plank passed overwhelmingly after a brief discussion.

Sincerely,

Patrick Davis, Chair - Maine EIN
